Dan reported that on Darlington Road near the intersection of Louthan Road there have been 10 accidents this year when in 2014 and 2016 there was only one. He said that since the road had been redone last year it is very slick and the accidents are happening when the road is wet. He asked the supervisors if the Township could write a letter to PennDOT asking them to look into the issue. George Patterson asked for Dan to get the information to Ashley Carr and he will write the letter.

A copy of the road report was distributed. It will be filed.

Ashley Carr gave the fire report. It will be filed.

It was brought to the Supervisors attention that there was damage to the fender on the new fire engine. Robert Wood would like for the fire department to be responsible for the negligence. Tom Miller stated that the Chief signs off when he feels that a person is able to drive but he feels like they should be taking emergency vehicle training courses. Robert Wood would like for the fire department to keep better bookkeeping and driving logs.

Adam Kahle of troop 766 was present and requested that an eagle project be done in front of the Township building, such as a bench to honor veterans. Adam stated that this would occur in spring or early summer depending on donations and help. All of the supervisors were in favor of the eagle project and thought that it would be a nice addition to the Township building.
